

Did you know a group of squirrels is called a SCURRY?

This new show for ages 2+ features three friends who are squirrels at heart. It's a cozy, off-beat comedy that explores how the routines in our lives are shaped by friendship, loss and empathy.

Before seeing Scurry...

The scurry loves to do things a certain way.

This is called a ***routine***.

- Does your family have a routine? What is it?
- If your routine is broken, what happens?
- How does it make you feel?
- How do you think the squirrels may feel if their routine gets broken?

A newcomer shows up at the squirrel party.

- What are some ways to welcome a new friend?
- If you are a new friend how might you feel?

Jello is a fun and wiggly snack! Make Jello before seeing the show. See if you can spot the Jello when you watch the show!
