

After seeing *Scurry*...

The squirrels listen to dance lessons on the tube.
Listen along and do the dances at home!

Visit: trustysidekick.org/dance

Violet, the new friend communicates using squeaks.
Find something in your home that makes a special sound
(ie bike horn, squeaker toy, etc).

Have a conversation communicating with squeaks, only.

- What happened?
- What was fun/hard about that?
- Do you think Violet had a similar experience when she showed up at the party?

Violet leaves colored pom-poms wherever she goes.
Why do you think she does that?

Learn how to make your own pom-poms [here!](#)

Squirrel Alert!

Go to the park and count all the squirrels you see.
Take some quiet time and watch the squirrels together.

Do they remind you of the squirrels from the show? Why?
